

## **ACMP Plan Amendment Teleconference Dates:**

### **June 9, 2004**

- Plan Evaluation materials
- Funding
- Resources
- Questions

### **June 17, 2004**

- Enforceable Policy Subject Guidance
- Review Packet materials
- Review FAQs

### **June 24, 2004**

- Statutory Requirement for policies
- “Unique concern” demonstration
- Definitions (scientific evidence, local usage)
- DEC carve out

### **July 7, 2004:**

- FAQ's,
- Valdez plan tables,
- District Planner's Web Page,
- habitat policies
- Resolutions of Support
- Mariculture policies
- Log Transfer Facilities

### **July 22, 2004**

- Plan Amendment Grant Application
- DEPs in designated areas
- Avoid, minimize or mitigate
- FAQs

### **July 27, 2004**

- Plan Amendment Application and Format
- Plan Evaluation

### **September 14, 2004**

- Mapping and data specifications
- District Workshop topics
- New FAQs

**October 5, 2004**

- DEPs
- Designated Areas
- October workshop update

**December 16, 2004**

- Due deference
- Federal lands
- AMSA's/SAMPs
- Designated areas
- Consultation with State and federal agencies
- Allowed/Dissallowed and Proper/Improper Uses
- Adequately Addressed

**January 5, 2005**

- Decision Tree
- Adequately Addressed
- OHMP –extent of geographic authority
- Additional questions for OPMP (OCS, erosion)

**January 26, 2005**

- “What To Expect” checklist from 1/26/05 teleconference
- Model implementation chapters
- ACMP and NOAA logos and publication credit
- MMS Information Transfer Meeting in Anchorage
- Funding sources on ACMP web page
- Next teleconference date- Thursday, February 3<sup>rd</sup> at 9:00 AM

## **District Teleconference**

Date: Wednesday 1/26/05  
Time: 9:00 am- 11:30 am  
Call-in Number: 1-800-315-6338  
Code: 1111#

**Materials:** We will be referring to the Decision Tree Flow Chart, the Model Implementation Chapters, and Sample Policies that are posted on our web page at <http://www.alaskacoast.state.ak.us/Plans/intro.htm>.

### **Agenda:**

1. Review checklist from 1/5/05 teleconference
2. Model implementation chapters
3. ACMP and NOAA logos and publication credit
4. MMS Information Transfer Meeting in Anchorage from March 14-16
5. Schedule next teleconference- suggested date: Thursday 2/3/05 at 9 am

Note: If you need to get off line for a bit, feel free to hang up and call back. Please do not put us on hold. It creates background music on the line that is impossible to hear over. Thank you!

**Resource Agency Meeting**  
**1/20/05**  
**Call in Number: 1-800-315-6338 1111#**

**Agenda**

1. Purpose of Meeting: Agency Consultation per 11 AAC 114.345.(c)(1)
2. General plan objectives: Brian Templin, Craig Coastal Coordinator
3. Policies
4. Resource Inventory and Analysis
5. Mapping
6. Agency plan review training

## **Teleconference Meeting Summary**

### **1/05/05**

#### **MEETING OVERVIEW**

OPMP hosted an ACMP District teleconference at 9 AM on Wednesday, January 5, 2005. The purpose of the teleconference was to further address *Responses to Questions Posed at the District Workshop 10/20-10/22 2004*.

Within that context, OPMP discussed a new tool for guiding the development of district enforceable policies. The District Enforceable Policy (DEP) Decision Tree is now available on the web at:

<http://www.alaskacoast.state.ak.us/Plans/intro.htm>

Within the Decision Tree, step #7 refers to the concept of “adequately addressed”. This concept was discussed in light of the current interpretation as stated in step #7. This clarifies previous guidance regarding “adequately addressed” as presented in the program amendment at 5.3.3 and in the Responses to Questions posed at the ACMP Coastal District Workshop, Question 4. Written guidance on “adequately addressed” will be forthcoming.

Kerry Howard, OHMP director, provided information regarding the geographic extent of OHMP’s authority to manage fish habitat. Summarily, OHMP’s authority is rooted in AS 41.14.840 and 870, which covers anadromous and resident fish habitat from stream bank to stream bank, below ordinary high water. The Habitat Standard at 11 AAC 112.300 extends OHMP’s authority under the ACMP to address management within the specific riparian management areas as defined at 11 AAC 112.300(c) (2).

Coastal districts and consultants expressed their concern with being able to write enforceable policies and identify the boundaries for designated areas with six months to go and the guidance on how to write enforceable policies is still evolving.

OPMP prepared example enforceable policies for the October workshop, and will revisit those to see if any changes are necessary, given the interpretation of “adequately addressed” and the limits on designating areas on federal lands. Also, OPMP has been working on revising the sample enforceable policies prepared when HB 191 was before the legislature. Those enforceable policies are being revised to comply with the ACMP regulations adopted in 2004.

### **ADDITIONAL QUESTIONS:**

1. What policies can a district write for OCS activities?
2. How can a district write erosion control policies if DEC and the COE address erosion? Would they be allowed under the natural hazards designated areas?

### **WHAT TO EXPECT:**

1. Written clarification of the adequacy issue
2. Sample District Enforceable Policies from the workshop
3. Sample District Enforceable Policies, from HB 191
4. Graphic representation of the DEP Decision Tree
5. Report on designations, AMSAs and SAMPs on federal land discussion with OCRM
6. How to write enforceable policies to specify whether or not activities are allowed within designated areas, AMSAs or SAMPs
7. What erosion control enforceable policies a coastal district could potentially write

## **DISTRICT TELECONFERENCE**

**DATE:** Wednesday 1/5/05  
**TIME:** 9:00 am- 11:30 am  
**CALL IN NUMBER:** 1-800-315-6338  
**CODE:** 1111#

**TOPIC:** Response to Questions posed at District Workshop 10/20-10/22 2004  
**MATERIALS:** Available on web <http://www.alaskacoast.state.ak.us/Plans/intro.htm>

## **AGENDA**

1. Clarification of “adequately addressed”
2. Decision Tree
3. Other Questions

NOTE: If you need to get off the line for a bit feel free to hang up and call back. PLEASE, **DO NOT** put us on hold! It creates background music on the line that is impossible to hear over.  
Thank you.

**Subject:** Re: District teleconference 1/5/05 Reminder and Agenda

Thanks to all who participated in today's teleconference. During the teleconference we indicated that we are still working with OCRM on determining if designated areas can include federal land. We are tentatively scheduling a teleconference for **Friday, January 14, 9:00 am - 11:30 am** in hope that we will be prepared to provide greater clarification on this issue at that point. Please reserve this date and time for the teleconference. We will send out the agenda and any additional handouts by January 13. In the event that we have not come to resolution on this issue with OCRM we will reschedule the teleconference.

As discussed, we will continue to work on a written clarification of the term "adequately addressed". As well, we will revisit previously provided sample enforceable policies to make sure they are still approvable. We will post the results on the district planner's web page <http://www.alaskacoast.state.ak.us/Plans/intro.htm> and send you a notice as these tasks are completed. We will discuss these items at the teleconference on January 14 or schedule an alternate date as needed.

Have a good week  
 Sylvia

**DISTRICT TELECONFERENCE**

**Subject:** Re: [Fwd: Resource Agency Meeting]

**Districts and Consultants:**

At today's teleconference there was some interest in having agency folks look at policies prior to a district sending out their public review draft. If you have policies ready and would like some informal feed back during the agency meeting on January 20 please send them to me by noon Monday January 10. Feel free to send in even just a couple policies for review. We will look at as many as time allows.

Sylvia

Sylvia Kreel wrote:

**Coastal Coordinators and Consultants:**

On **January 20** resource agency folks will be getting together to look at policies and supporting resource information from the City of Craig. You are invited to listen in to the conversation either in person or through a Meet-Me call in number which will be provided. After we focus on Craig's plan, there will be an opportunity to discuss specific policies and supporting resource information from other districts as well. If you would like feed back on specific policies or supporting information we will need the information by **January 1**, in order to give agency folks a chance to look at it. As well, **please let me know by December 6 if you anticipate submitting something** for review at the January 20 meeting so that I can schedule accordingly. Any feed back provided will be informal in nature.

Hope everyone had a happy Thanksgiving!  
 Sylvia

**Content-Type:**multipart/alternative; boundary="-----000505030601050104030909"

Resource Agency Folks:

Your participation in a resource agency meeting is requested for:

**Date:** January 20, 2005  
**Time:** 8:30 am - 12:00 pm ( may be extended into afternoon)  
**Location:** Juneau. (Conference room to be announced)  
**Call in Number:** To Be Announced

Brian Templin, the coastal coordinator for the City of Craig, has requested a joint agency consultation to look at his draft enforceable policies and accompanying resource information to support the policies. The policies will be available for review in the next couple of weeks and we anticipate the backup information will be available beginning of January.

Your participation in this meeting is important. In addition to assisting the district, this review will give us all an opportunity to further clarify what will be acceptable back up information to support policies. Development of this common understanding is critical. Please respond to this e-mail by **December 6** and let me know if you, or someone else from your office is able to attend.

To make the most of the gathering, we will also invite other districts to submit any policies or resource inventory and analysis information they would like some informal feed back on from the resource agencies. The meeting is currently scheduled for the morning only. However, it could be extended into the afternoon, depending on district submittals.

Thank you.  
 Sylvia

**Subject:** Re: District teleconference 12/16: Reminder and Agenda

Thank you to all who participated in yesterdays teleconference. We appreciate your commitment to the program as evident by the time you have put into understanding it.

At the teleconference there were several additional questions that arose. We had planned on continuing the teleconference today in order to further discuss these points. However we are postponing this teleconference until **Wednesday, December 29, 9:00-11:30** in order to give everyone a chance to digest the Program Amendment which came out last night and to give us a chance to better respond to the questions from yesterdays teleconference, in particular the interpretation of "adequately addressed".

The program amendment can be found on our web site at <http://www.alaskacoast.state.ak.us/> Chapter 5, subsections 5.3.3, 5.3.4, and 5.3.5 address the issues of matters regulated by state or federal law and adequately addressed that we discussed yesterday.

Chapters 5 and 10 address district enforceable policies.

Happy Holidays!  
 Sylvia

**DISTRICT TELECONFERENCE**

**DATE:** Wednesday 12/29/04  
**TIME:** 9:00 am- 11:30 am  
**CALL IN NUMBER:** 1-800-315-6338  
**CODE:** 1111#

**TOPIC:** Response to Questions posed at District Workshop 10/20-10/22 2004  
**MATERIALS:** Available on web 12/10  
<http://www.alaskacoast.state.ak.us/Plans/intro.htm>

## **DISTRICT TELECONFERENCE**

**DATE:** Thursday 12/16/04  
**TIME:** 9:00 am- 11:30 am  
**CALL IN NUMBER:** 1-800-315-6338  
**CODE:** 1111#

**TOPIC:** Response to Questions posed at District Workshop 10/20-10/22 2004  
**MATERIALS:** Available on web <http://www.alaskacoast.state.ak.us/Plans/intro.htm>

## **AGENDA**

1. Amendment review process ( See October 19, 2004 NEPA status document on web: <http://www.alaskacoast.state.ak.us/OCRM/OCRMresponse.htm>)
2. Due deference (Questions: 17, 18, 20, 28)
3. Federal lands (Questions: 21)
4. AMSAs and SAMPS (Questions: 1, 2)
5. Process for designating areas (Questions: 22)
6. General rules on district enforceable policies (Questions: 19, 30, 34, 35)
7. When and how you can be more specific (Questions: 3-8, 14, 15)
8. Rules on habitat enforceable policies (questions: 23 -29)

NOTE: We hope to complete the discussion in the 2.5 hours scheduled. However, if additional time is needed, we will schedule another teleconference for FRIDAY 12/17 9:00 am to 11:30 am.
